«Sin embargo, en la misma decisión se reconoce que la inembargabilidad no opera como una regla, sino como un principio y por ende no debe tener carácter absoluto. Observó la Sala: ‘(...) no pueden perderse de vista otros valores, principios y derechos constitucionales como la dignidad humana, el principio de seguridad jurídica, el derecho a la propiedad, el acceso a la justicia y el derecho al trabajo, entre otros. Es por ello que (la norma cuestionada) acepta la imposición de medidas cautelares, para lo cual advierte que las mismas se harán efectivas sobre ingresos corrientes de libre destinación de las entidades territoriales (...). [P]odrán imponerse medidas cautelares sobre los ingresos corrientes de libre destinación de la respectiva entidad territorial, y, si esos recursos no son suficientes para asegurar el pago de las citadas obligaciones, deberá acudir a los recursos de destinación específica (...)». (Resalta la Sala). STC3842-2021.

En suma, la inembargabilidad alegada por las impugnantes no es absoluta y, por el contrario, de conformidad con lo previsto por la Corte Constitucional, una de las excepciones permite el embargo de los recursos del Sistema General de Participaciones, siempre y cuando las obligaciones reclamadas tengan origen en alguna de las actividades a las cuales estaban destinados dichos recursos, es decir, educación, salud, agua potable y saneamiento básico. Luego, como el proceso ejecutivo No. 2019-00839-00 fue instaurado por la accionante con el propósito de obtener el pago de setenta y siete millones trescientos sesenta y cinco mil ciento treinta y cinco pesos m/cte. (\$77.365.135,00), que corresponden a 665 facturas, que en su mayoría, fueron emitidas por concepto de servicios médicos oftalmológicos prestados a favor de los usuarios de Coopsalud EPS, puede afirmarse que sí había lugar a aplicar las reglas descritas de excepción a la inembargabilidad, pues la génesis de los títulos se encuentra en la prestación de servicios de salud.

Y ahora la acoge este despacho porque los dineros reclamados en este caso corresponden a prestaciones de los servicios de salud suministrados por el ejecutante, los cuales se encuentran respaldados en las diferentes facturas de ventas anexadas al expediente que acreditan de manera suficiente que la obligación reclamada por ASMET SALUD EPS -S.A.S tiene como fuente una actividad relacionada con la prestación de los servicios de salud por lo que se estructura una de las excepciones al principio de inembargabilidad que permitiría el embargo de los dineros que posee la demandada en las entidades bancarias.
