Expanded Disclosures

Expanded Disclosures, which apply to all statements Morgan Stanley Smith Barney LLC (we/us) sends to you, are provided with your first statement and thereafter twice a year.

Questions?

Questions regarding your account may be directed to either your Financial Advisor or the Branch Manager for the branch office where you maintain your account. If you require further assistance, call the Client Service Center at (800) 869-3326 or for account-related concerns contact our Client Advocate at (866) 227-2256 or via U.S. mail at P.O. Box 95002, South Jordan, Utah 84095.

Errors and Inquiries

It is your responsibility to review your statement promptly and to seek immediate clarification about entries that you do not understand or believe were made in error by contacting the Branch Manager of the office where you maintain your account. Oral communications regarding any inaccuracy or discrepancy in this statement should be re-confirmed in writing to further protect your rights, including rights under the Securities Investor Protection Act (SIPA). Your statement will be deemed correct unless we receive a written inquiry of a suspected error. See your account documentation for special rules regarding your rights and responsibilities with respect to erroneous electronic fund transfers, including a description of the transfers covered.

Account Valuation

Account values are computed by adding (1) the market value of all priced positions and (2) market values provided by pricing services and/or outside custodians, as applicable for other positions, and by adding any credit or subtracting any debit to your closing Cash, Money Market Funds and/or Deposit balance. Cash, Deposits and Money Market Funds are displayed on a settlement date basis, and other positions are displayed in your account on a trade date basis. The values of fixed income positions in summary displays include accrued interest in the totals. In the "Holdings" section, fixed income market value and accrued interest are also displayed in separate columns. Accrued interest is the interest earned but not yet paid on the bond since its last interest payment. In most cases, it is calculated from the date of the last coupon payment (or "dated date") through the closing date of the statement. Foreign Currency Deposits are reflected in U.S. dollars as of the statement end date. The Annual Percentage Yield (APY) for deposits represents the applicable rate in effect for your deposits at the statement ending date. This APY may be different than the APY that was in effect during the statement period. For current Bank Deposit or Money Market Fund yields, go to www.morganstanley.com/wealth-investmentstrategies/ratemonitor.html.

Additional Retirement Account Information

Tax-qualified account contributions are subject to IRS eligibility rules

and regulations. The Contributions information in this statement reflects contributions for a particular account, without reference to any other account. Check with your tax advisor to verify how much you can contribute, if the contribution will be tax deductible, and if other special rules apply (e.g., to conversions/recharacterizations of Traditional to Roth/Roth to Traditional IRAs). Tax reporting is provided for IRA, VIP Basic and 403(b) accounts but not for VIP Plus and RPM accounts. The account value used for your Required Minimum Distribution calculation, if any, is based on the prior December 31st Account Value, including accrued interest. Additionally, for IRAs (1) the "Max. Individual Contributions Allowed (by SSN)" reflects the annual limit on contributions that you can make to Traditional and Roth IRAs under the Internal Revenue Code (this limit applies on a per person basis, not per account; other rules apply to IRAs which are part of employer-sponsored plans); (2) you cannot make an individual contribution to a Traditional IRA for the year in which you reach age 70 1/2 or any later year; and (3) the categorization of any contribution's deductibility is based upon information provided by you. The information included in this statement is not intended to constitute tax, legal or accounting advice. Contact us if any of this information is incorrect.

Availability of Free Credit Balances and Financial Statements

Under the customer protection rules of the SEC [17 CFR §240.15c3-3], we may use funds comprising free credit balances carried for customer accounts here, provided that these funds are payable to customers on demand (i.e., are free of a lien or right of set-off in our favor or on behalf of some third party to whom you have given control). A financial statement of this organization is available for your personal inspection at its offices, or a copy will be mailed to you upon your written request.

Gain/(Loss) Information

Gain/(Loss) is provided for informational purposes. It is not a substitute for Internal Revenue Service (IRS) Form 1099 (on which we report cost basis for covered securities) or any other IRS tax form, and should not be used for tax preparation. Unrealized Gain/(Loss) provided on this statement is an estimate. Contact your own independent legal or tax advisor to determine the appropriate use of the Gain/(Loss) information on this statement. For more information, go to www.morganstanley.com/wealth/disclosures/disclosures.asp, or call Client Service Center.

Tax Reporting

Under Federal Income Tax law, we are required to report gross proceeds of sales (including entering into short sales) on Form 1099-B by February 15 of the year following the calendar year of the transaction for reportable (i.e. non-retirement) accounts. For sales of certain securities acquired on or after January 1, 2011 (or applicable

date for the type of security) we are also required to report cost basis and holding period. Under Internal Revenue Service regulations, if you have not provided us with a certification of either U.S. or foreign status on applicable Form W-9 or W-8, your accounts may be subject to either 28% back-up withholding or 30% nonresident alien withholding on payments made to your accounts.

Investment Objectives

The following is an explanation of the investment objective alternatives applicable to your account(s): Income - for investors seeking regular income with low to moderate risk to principal; Capital Appreciation - for investors seeking capital appreciation with moderate to high risk to principal; Aggressive Income - for investors seeking higher returns either as growth or as income with greater risk to principal; Speculation - for investors seeking high profits or quick returns with considerable possibility of losing most or all of their investment.

Listed Options

Information with respect to commissions and other charges related to the execution of options transactions has been included in confirmations of such transactions previously furnished to you and such information will be made available to you promptly at your request. Promptly advise us of any material change in your investment objectives or financial situation.

Important Information if you are a Margin Customer(not available for certain retirement accounts)

If you have margin privileges, you may borrow money from us in exchange for pledging assets in your accounts as collateral. The amount you may borrow is based on the value of eligible securities in your margin accounts. If a security has eligible shares the number of shares pledged as collateral is indicated below the position. If you have a margin account, as permitted by law, we may use certain securities in your account for, among other things, settling short sales or lending the securities for short sales, for which we may receive compensation.

Margin Interest Charges

We calculate interest charges on margin loans as follows: (1) multiply the applicable margin interest rate by the daily close of business net settled debit balance, and (2) divide by 360 (days). Margin interest accrues daily throughout the month and is added to your debit balance at month-end. The month-end interest charge is the sum of the daily accrued interest calculations for the month. We add the accrued interest to your debit balance and start a new calculation each time the applicable interest rate changes and at the close of every statement month. For current margin loan interest rates, go to www.morganstanley.com/online/MIRates.

Information regarding Special Memorandum Account

If you have a Margin Account, this is a combined statement of your

Expanded Disclosures (CONTINUED)

Margin Account and Special Memorandum Account maintained for you under Section 220.5 of Regulation T issued by the Board of Governors of the Federal Reserve System. The permanent record of the Special Memorandum Account as required by Regulation T is available for your inspection at your request.

Money Market Fund (MMF) Pricing

An investment in a MMF is neither insured nor guaranteed by the Federal Deposit Insurance Corporation (FDIC) or any other government agency. Although MMFs seek to preserve the value of your investment at \$1.00 per share, there can be no assurance that will occur and it is possible to lose money should the fund value per share fall. In some circumstances MMFs may cease operations when the value of a fund drops below \$1.00 per share. In that event, the fund's holdings would be liquidated and distributed to the fund's shareholders. This process could take up to one month or more. During that time, these funds would not be available to you to support purchases, withdrawals, and if applicable, check writing or ATM debits from your account.

Notice Regarding Global Investment Manager Analysis

Morgan Stanley's Global Investment Manager Analysis team conducts analysis on various mutual funds and exchange-traded funds for clients holding those funds in certain investment advisory programs. If you have invested in any of these funds in another type of account, such as a brokerage account, you will not receive the same materials and status updates on the funds as we provide to investment advisory clients (including instructions on selling fund shares).

Pricing of Securities

The prices of securities are derived from various sources, and do not necessarily represent the prices at which those securities could have been bought or sold. Although we attempt to use reliable sources of information, we can offer no assurance as to their accuracy. Prices of securities not actively traded may not be available, and are indicated by N/A (not available). For additional information on how we price securities, go to www.morganstanley.com/wealth/disclosures/disclosures.asp.

Important Information About Auction Rate Securities

For certain Auction Rate Securities there is no or limited liquidity. Therefore, the price(s) for any Auction Rate Securities shown may not reflect the price(s) you would receive upon a sale at auction or in a secondary market transaction, and is not an indication of any offer to purchase at such price. There can be no assurance that a successful auction will occur or that a secondary market exists or will develop for a particular security. The prices of any Auction Rate Securities in most cases reflect par value, but may be derived from various sources. These prices may differ from: prices provided to us or our affiliates by outside pricing services; our affiliates' own internal bookkeeping valuations;

prices of transactions executed in any secondary market that exists or may develop; and/or the prices at which issuer repurchases or redemptions may occur.

Structured Investments Risks and Considerations

Structured Investments (Structured Products) are complex products and may be subject to special risks, which may include, but are not limited to: loss of initial investment; issuer credit risk and price volatility resulting from any actual or anticipated changes to issuer's and/or guarantor's credit ratings or credit spreads; limited or no appreciation and limits on participation in any appreciation of underlying asset(s); risks associated with the underlying reference asset(s); no periodic payments; call prior to maturity; early redemption fees for market linked deposits; lower interest rates and/or yield compared to conventional debt with comparable maturity; unique tax implications; limited or no secondary market; and conflicts of interest due to affiliation, compensation or other factors which could adversely affect market value or payout to investors. Investors also should consider the concentration risk of owning the related security and their total exposure to any underlying asset. Structured Investments, which may appear in various statement product categories and are identified on the Position Description Details line as "Asset Class: Struct Inv," may not perform in a manner consistent with the statement product category where they appear and therefore may not satisfy portfolio asset allocation needs for that category. When displayed, the accrued interest, annual income and yield for structured investments with a contingent income feature (e.g., Range Accrual Notes and Contingent Income Notes) are estimates and assume specified accrual conditions are met during the relevant observation period and payment in full of all contingent interest. Actual accrued interest, annual income and yield will be dependent upon the performance of the underlying asset(s) and may be significantly lower than the estimates shown. For more information on the risks specific to your Structured Investments, contact your Financial Advisor.

Security Measures

This statement features several embedded security elements to safeguard its authenticity. One is a unique security mark--a blue rectangle printed in heat-sensitive ink on the back of every page. When exposed to warmth, the blue rectangle will disappear, and then reappear.

SIPC Protection

We are a member of Securities Investor Protection Corporation (SIPC), which protects securities of its customers up to \$500,000 (including \$250,000 for claims for cash). An explanatory brochure is available upon request or at www.sipc.org. Losses due to market fluctuation are not protected by SIPC and assets not held with us may not be covered

by SIPC protection. To obtain information about SIPC, including an explanatory SIPC brochure, contact SIPC at 1-202-371-8300 or visit www.sipc.org.

Certain Assets Not Held at Morgan Stanley Smith Barney LLC

You may purchase certain assets through us that may be held at another financial institution. Assets not held with us may not be covered by SIPC protection. We may include information about certain of these assets on this statement solely as a service to you and are not responsible for any information provided by external sources. Generally, any financial institution that holds securities is responsible for year-end reporting (1099s) and separate periodic statements, which may vary from our information due to different tax reporting periods. In the case of networked mutual funds, we perform all year-end tax reporting. Under certain circumstances, such as IRA accounts, we perform all tax reporting.

Total Income

Total income, as used in the income summaries, represents dividends and/or interest on securities we receive on your behalf and credit to your account(s) during the calendar year. We report dividend distributions and taxable bond interest credited to your account to the Internal Revenue Service. The totals we report may differ from those indicated as "This Year" figures on the last statement for the calendar year. In the case of Real Estate Investment Trusts (REITs), Master Limited Partnerships, Regulated Investment Companies and Unit Investment Trusts, some sponsors may reclassify the distribution to a different tax type for year-end reporting.

Transaction Dates and Conditions

Transactions display trade date and settlement date. Transactions are included on this statement on trade date basis (excluding BDP and MMFs). Trades that have not settled as of statement month end will also be displayed in the "Unsettled Purchases/Sales Activity" section. Upon written request, we will give you the date and time of a transaction and the name of the other party to a transaction. We and/or our affiliates may accept benefits that constitute payment for order flow. Details regarding these benefits and the source and amount of any other remuneration received or to be received by us in connection with any transaction will be furnished upon written request.

Tax and Legal Disclosure

Morgan Stanley does not provide legal or tax advice. Please consult your own tax advisor.

HOLDINGS

This section reflects positions purchased/sold on a trade date basis. "Market Value" and "Unrealized Gain/(Loss)" may not reflect the value that could be obtained in the market. Fixed Income securities are sorted by maturity or pre-refunding date, and alphabetically within date. Estimated Annual Income a) is calculated on a pre-tax basis, b) does not include any reduction for applicable non-US withholding taxes, c) may include return of principal or capital gains which could overstate such estimates, and d) for securities that have a defined maturity date within the next 12 months, is reflected only through maturity date. Actual income or yield may be lower or higher than the estimates. Current yield reflects the income generated by an investment, and does not reflect changes in its price. Structured Investments, identified on the Position Description Details line as "Asset Class: Struct Inv," may appear in various statement product categories. When displayed, the accrued interest, annual income and current yield for those with a contingent income feature (e.g., Range Accrual Notes or Contingent Income Notes) are estimates and assume specified accrual conditions are met during the relevant period and payment in full of all contingent interest. For Floating Rate Securities, the accrued interest, annual income and current yield are estimates based on the current floating coupon rate and may not reflect historic rates within the accrual period.

CASH, BANK DEPOSIT PROGRAM AND MONEY MARKET FUNDS

Cash, Bank Deposit Program, and Money Market Funds are generally displayed on a settlement date basis. You have the right to instruct us to liquidate your bank deposit balance(s) or shares of any money market fund balance(s) at any time and have the proceeds of such liquidation remitted to you. Estimated Annual Income, Accrued Interest, and APY% will only be displayed for fully settled positions.

DAYANA M. SALAZAR

We are pleased to enclose your 2015 Recap of Cash Management Activity. This section includes a summary of your electronic transfers, checking and card activity for the year (including ATM transactions, automated payments and Billpay), and security transfers.

Information related to Income, Distributions, Purchases, Sales, and Redemptions will be provided to accounts subject to IRS reporting on Forms 1099 in the Consolidated Tax Package.

For your convenience, this Recap is also available as a separately retrievable document on Morgan Stanley Online under Statements within the Account Documents tab.

We recommend that you wait for your IRS Form(s) 1099 before completing your tax returns. This Recap is not a substitute for the official account statements that you have received from us throughout the year; and is for informational purposes only to provide you with a recap of your cash management activity. If there are any discrepancies between your account statement(s) and the information in this Recap, you should rely on the account statement(s) you have previously received.
