Proceso: Ejecutivo
Demandante: ASOCABILDO IPS-S
Demandado: EMPRESA PROMOTORA DE SALUD COOMEVA EPS.
Rad. 44001310300220180002000

En esta oportunidad procesal procede el despacho a resolver sobre la liquidación del crédito presentada por la parte ejecutante en el proceso de la referencia.

Mediante auto de fecha abril veinticuatro (24) de dos mil diecinueve (2019) este despacho ordenó seguir adelante con la ejecución por la suma de cuatrocientos veintiocho millones setecientos setenta y seis mil trescientos catorce pesos (\$428.776.314) efectuando los descuentos de ley (retención en la fuente, artículo 392 del Estatuto Tributario) por concepto de capital más los intereses moratorios que se causen.

Al presentar la liquidación del crédito, el apoderado parte del capital representado \$428.776.314 sumándole los intereses moratorios por valor de \$434.920.173, agregando además la suma de \$17.151.052 por concepto de agencias en derecho aprobadas por este despacho, totalizando la liquidación del crédito en \$880.847.539.

De la liquidación presentada se surtió el correspondiente traslado al extremo demandado, sin pronunciamiento alguno.

CONSIDERACIONES:

De conformidad con el numeral tercero del art. 446 del C.G.P., vencido el traslado, el juez decidirá si aprueba o modifica la liquidación.

Al descender el despacho a la liquidación del crédito, advierte que el apoderado incluyó el valor de \$17.151.052 en razón de las agencias en derecho aprobadas mediante sentencia del 24 de abril de 2019, desconociendo el numeral primero de la norma en comento toda vez que la misma dispone que la liquidación del crédito deberá especificar el capital y los intereses causados desde que se hicieron exigibles hasta la fecha de su presentación, sin incluir de ninguna forma la posibilidad de exigir por este medio las agencias en derecho aprobadas previamente, por lo que serán excluidas de la presente liquidación.

De igual forma, se observa que el apoderado no se ciñó a las fluctuaciones de los intereses moratorios estipulados por la Superintendencia Financiera al utilizar una tasa fija de interés mensual de 2,3%. No obstante, al ser esta inferior a la establecida por la Superintendencia Financiera en cualquiera de sus periodos entre febrero de 2015 hasta febrero de 2020, se conserva la tasa fija aportada por el apoderado.

Seguidamente, la liquidación presentada incluye facturas por las cuales el despacho se abstuvo de seguir adelante con la ejecución, las cuales serán igualmente excluidas. Aunado a lo anterior, se identifica que la misma no se sujeta a lo indicado en el auto de seguir adelante con la ejecución, toda vez que no se efectuó el descuento por retención en la fuente de qué trata el artículo 392 del Estatuto Tributario, descuento que será aplicado.

Aunado a lo anterior, de conformidad con lo dispuesto por el artículo 13 de la ley 1122 de 2007 *“Las Entidades Promotoras de Salud EPS de ambos regímenes, pagarán los servicios a los Prestadores de Servicios de salud habilitados, mes anticipado en un 100% si los*

contratos son por capitación. Si fuesen por otra modalidad, como pago por evento, global prospectivo o grupo diagnóstico se hará como mínimo un pago anticipado del 50% del valor de la factura, dentro de los cinco días posteriores a su presentación. En caso de no presentarse objeción o glosa alguna, el saldo se pagará dentro de los treinta días (30) siguientes a la presentación de la factura, siempre y cuando haya recibido los recursos del ente territorial en el caso del régimen subsidiado. De lo contrario, pagará dentro de los quince (15) días posteriores a la recepción del pago.”; por lo que el Despacho es del criterio que las referidas entidades (como en el caso la ejecutada) cuentan con el término máximo de (30) siguientes a la presentación de la factura para efectuar su pago, lo que determina el momento a partir del cual se pueden exigir los intereses de mora, ello en armonía con lo señalado en el PARÁGRAFO 5o. de dicha norma que establece “Cuando los Entes Territoriales o las Entidades Promotoras de Salud, EPS o ARS no paguen dentro de los plazos establecidos en la presente ley a las Instituciones Prestadoras de Servicios, estarán obligadas a reconocer intereses de mora a la tasa legal vigente que rige para las obligaciones financieras.”

Por lo anterior se hace necesario modificar la liquidación del crédito presentada, calculando los intereses moratorios desde el momento referido, según la presentación de cada una de las facturas de acuerdo a lo consignado en el mandamiento de pago y hasta la fecha de corte relacionada en el escrito contentivo de la liquidación, con una tasa fija de interés equivalente al 2.3% mensual, procediendo el despacho a realizarlo de la siguiente manera:
